

Dear Parents,

On behalf of the Bay Area After-School All Stars and the Staff in Monroe Middle School, I would like to welcome our new students and returning students. It's a new year! Let's work hard, have fun and accomplish objectives this year.

As we look at all the events that are planned, from Lights On (Oct 22nd), Academics (learning lounge), Enrichments, Health & Fitness, and Fun Fridays, we have all the reasons in the world why we will accomplish our mission. All these reasons are important.

The task in front of us whether to be the first in the family to go to college or to become a future congressman, is to remember that progress is in the day to day. We plan on the future, but we live in the present. We build on today. This is a new day, a new beginning of sorts.

A new school year provides us an opportunity to put our best foot forward. With our goals in mind, hopefully a great start will lead to a great finish. Let us not forget about fun! Everything in life could use more fun. That's why this year we will foster the enjoyment of learning, and we will help instill a lifelong appreciation in self development. Looking forward to a new year!

Sincerely,

After School All-Stars Staff At Monroe Middle School
Marius Alhambra, Marisol Arzate
Kyle Barnette and Mario Contreras
