Still Looking to fill 3
Positions

-President

-Hospitality Coordinator

-Committee Chairmen

Monthly Happenings

“Into the new year we’ll delve, welcome awesome 2012!”

Happy New Year, and welcome back. We rain in the new year with a service learning enrichment centered around Martin Luther King Jr., along with two staff choice enrichments, which include being creative with straws and building with cotton swabs.

Also this year we will hit the ground running with our fundraisers in full swing. Beginning January 17th and going until February 10th learning lounges will be competing in a penny challenge. Each class will have their individual jars to fill with pennies, the class with the most pennies at the end of the contest will win a prize. However, classes, can decrease other classes’ chances of winning, giving them negative points by placing silver coins and one dollar bills into the opposing teams’ jars. We encourage to use loose change and are not allowed to place more than a \$1 bill into the jars.

Continuing with the theme of fundraising we will be hosting a family and friends night fundraiser at Chili’s restaurant on Colman. For this fundraiser we ask parents and students to give a Chili’s flyer to family and friends. Guest will present their flyer when they pay their bill and at the end of the night Chili’s will tally up the number of flyers they receive and give After-Stars 15% of the profit. Therefore, the more flyers presented the more money we receive.

Lastly Trace All-Stars is partnering with several other All-Stars elementary schools to host a Jr. Giants tournament for 3rd-5th grade. It will take place on a Saturday, and students will compete against another school in a baseball game. Staff will be working to raise money to pay for use of facilities, and to buy snacks and drinks for the teams. All willing participants wanting to play will practice with Ms. Samantha during health and Fitness hour, and are expected to complete homework each day, participate in all other activities and be refrain from getting any write-ups.

Like Always we thank parents for their continuous support. We want to make 2012 a great year and we will continue to need your support and involvement to do so. We invite all parents to events and PLC meetings so please join us.

Thank you!
